

LICENCE

LICENCE OF ECONOMICS - INTERNATIONAL TRACK

OBJECTIVES

The **Licence of Economics (Bachelor's Degree in Economics) - International Track**, taught entirely in English, offers an undergraduate education in economics, combining theoretical and quantitative approaches with an emphasis on social sciences and international perspectives.

This program provides:

- A solid preparation for master's degrees in economics, particularly those taught in English.
- An international outlook.
- Enhanced language skills (English, second foreign language) and French as a Foreign Language courses for non-French speakers.

APPLICANT PROFILE

This program is open to both French and international students who hold a high school diploma (Baccalauréat or equivalent) and have a minimum English proficiency level of B2.

LANGUAGE AND MOBILITY

- **Required English level** : B2, with a target of C1/C2 by the end of the program.
- **Specialized courses in English** (ex. written and oral communication, methodology) and support for students who need assistance.
- **International mobility encouraged** in the 2nd or 3rd year with access to 98 exchange destinations.

KEY ADVANTAGES

Study at one of the top universities in France, in the heart of Paris, and benefit from:

- **Courses taught in English**: A high-quality education at an affordable cost.
- **International mobility opportunities**: 98 destinations thanks to our strong network of partner universities. Possibility of earning a double degree with the University Complutense of Madrid.
- **UNA Europa certifications**: Obtain the UNA Europa Certificate in European Studies or UNA Europa Microcredentials in Sustainability, through an alliance of 11 European universities.
- **Affordable tuition fees**: National tuition fees (€175 in 2024-2025) + CVEC (€100).

MAIN CAREER OPPORTUNITIES

This undergraduate degree opens doors to a variety of careers in finance, economic analysis, market research, public administration, international organizations, and consulting.

Graduates acquire key skills in :

- **Economic analysis** : Collecting, processing, and interpreting data.
- **Modeling** : Using tools to analyze markets and behaviors.
- **Communication** : Writing and presenting information in a clear and structured manner.
- **Critical thinking** : Evaluating economic policies and theories.
- **Collaboration** : Working in teams on multidisciplinary projects.
- **Digital tools** : Mastering statistical software and databases.
- **International environment** : Navigating professional settings in an international environment and in English.

APPLICATION PROCESS

- **Via Parcoursup** : January 15 -- March 13, 2025 (for French and European applicants)
- **Via DAP ou Études en France** : October 1 - December 15, 2024 (for international applicants)

PROGRAM CAPACITY

250 students
